

Dear Parents,

We wanted to take this time to introduce ourselves as Class Parents and to fill you in on the activities that will be happening this year.

As we work back to a traditional year, we will try our best to give the kids as much fun as possible. Our class will have two parties: one around the Holidays in December, and one at the end of the year. This will be at the teacher's discretion when they will take place and all plans are to be approved by them; however we will do our best to make them a memorable time with their classmates!

We are asking for a \$20.00 donation from each child to help with the cost of the parties; this will cover the cost of the food, paper products needed and a craft for the students to enjoy during the party (if applicable). Please send your child's donation into the school in a marked envelope. We ask that all donations be in by Monday, November 28th.

We will also be collecting an additional \$5.00 for an end of the year teacher's gift. If you would like to make that donation now so you don't forget, that is perfectly fine!

Feel free to reach out to any of us with questions or concerns!

Thank you for your support!

Sincerely,

Your Class Parents
